ABSTRACT

Type your abstract of not more than 350 words. For abstract title use Times New Roman 12 point bold. The abstract should describe briefly the goal, methodology, techniques, results of research study. Citation of references is not required at this stage. One representative figure is highly suggested to help the reviewers and audience in better understanding the research study. The figure is to be centred, with the reference and caption below the figure having one blank line 10 pt. Type as follows '**Figure 1.** Caption', by using the Times New Roman 10 pt. The lettering used in the illustrations should not be too small. Keep the figure as simple as possible, resolution must be at least 250 dpi.

Keywords: keyword 1, keyword 2, keyword 3 (one line of text but not more than 3 free keywords, Times New Roman 10 pt italic, keywords must be separated by commas).
