

Temporomandibular Disorders: something to chew on

Multi-disciplinary approach to Assessment and Management

The Australian and New Zealand Academy of Orofacial Pain (ANZAOP) is the peak body in the field of Orofacial Pain in Australia and New Zealand, and is dedicated to advancing scientific knowledge about Orofacial Pain and promoting evidence-based, person-centred care. The academy consists of dental specialists, dentists, physiotherapists and other health practitioners sharing a strong professional interest and clinical focus towards treating patients suffering from Orofacial Pain and Temporomandibular Disorders (TMDs).

This event is suitable to general and specialist medical, dental, physiotherapy, psychology, pharmacy practitioners as well as those involved in research and teaching of pain in the Orofacial region.

Consider joining ANZAOP as a Guest Member for reduced meeting fees and other membership benefits
(see anzaop.org for membership application and membership benefits)
