

BeNeLux METABOLOMICS DAYS

22+23 September 2026

Hof van Liere, University of Antwerp, Belgium

S1-Frontiers in Metabolomics

Erin Baker
University of North
Carolina at Chapel Hill

S2-Exposomics & Environmental Health

Arthur David
French School of Public Health

S3-Computational Metabolomics & AI

Emma Schymanski
University of Luxembourg

S4-Natural Products, Ecological & Plant Metabolomics

Kyo Bin Kang
Sookmyung Women's University

S5-Untargeted Metabolomics: Methods, Workflows & Data Interpretation

Joleen Masschelein
VIB-KU Leuven

S6-Clinical & Translational Metabolomics

Gabi Kastenmüller
Helmholtz Munich

S7-Lipidomics, Fluxomics & Stable-Isotope Tracing

Maria Fedorova
Dresden University of Technology

S8-Single-Cell & Spatial Metabolomics

Melanie Bailey
Imperial College London
