

Preliminary Programme

(6 July 2021)

Please send any corrections to cultivating.equality2021@wur.nl.
Programme updates will be provided when available.

All times listed in CEST

Tuesday 12 October 2021: Capacity Strengthening and Methodological Highlights

Timeslot 1: 9.30-11.00

Tue 1.1 *Communications Masterclass*

Organizers: Vivian Atakos and Marianne Gadeberg, CGIAR Gender Platform

Tue 1.2 *Research to Foster Gender Mainstreaming for Sustainable Rural Development and Food Security in the Mediterranean Area,*

Organizer: Maroun El Moujabber, CIHEAM Bari

Methodological highlight:

Tue 1.3 *Gender-responsive Scaling*

Organizer: Anne Rietveld, Alliance of Bioversity International and CIAT

Timeslot 2: 11.30-13.00

Tue 2.1 *Design Approaches for Gender-inclusive Digital Tools*

Organizer: Anna Muller, The Alliance of Bioversity and CIAT

Tue 2.2 *Cultivating Diversity for Integrating a Gender⁺ Perspective: The Gender-SMART Cirad Community of Practice*

Organizer: Emmanuelle Bouquet, CIRAD, France

Tue 2.3 *Conceptualizing and Assessing Inclusion and Exclusion in Community-based Natural Resource Management: A New Framework and Tool*

Organizer: Cynthia McDougall, WorldFish

Panel:

Tue 2.4 *Unlocking the Potential of Gender Research and Researchers to Influence Agricultural Research and Development*

Organizer: Dorine Odongo, African Women in Agricultural Research and Development (AWARD)

* = Poster pitch

Timeslot 3: 14.00-15.30

Opening Plenary tbc

Timeslot 4: 16.00-17.30

Tue 4.1 *Measuring Empowerment in Agricultural Development Projects using Pro-WEAI*

Organizer: Ruth Menzen-Dick, IFPRI

Methodological highlights:

Tue 4.2 *Frameworks to address Gender in Food Systems Research*

With contributions from:

Lilian Nkengla-Asi, Oxfam America

Tackling inequality in food systems and rural communities through a gender justice approach, Without paper 2 on Covid

Jacqueline Ogega, World Vision

Gender and food systems: five domains to advance agency, empowerment, and transformation.

Tues 4.3 *Using Geospatial Data to study Gender in Agriculture and Food Systems*

Katherine Casey, SERVIR Global

Making the invisible visible: leveraging space satellite technology to benefit women in agriculture

With contribution from:

Avni Mishra, International Rice Research Institute, India

Gender equality and food systems transformation in climate change hotspots: Exploring data synergies

Timeslot 5: 18.30-20.00

Tue 5.1 *"Before they thought these are theoretical stories of women": Exploring Tensions between Conformation and Critique of Gender Training for Agricultural Research Teams*

Organizer: Hale Ann Tufan, Cornell University

Methodological highlights:

Tue 5.2 *Gender Across USAID's Feed the Future Innovation Labs: Lessons and approaches that cultivate gender-transformative agricultural development*

Organizer: Cheryl O'Brien, USAID Feed the Future Innovation Lab for Food Processing and Post-harvest Handling (FPIL), Purdue University

Tue 5.3 *Exploring social dynamics to better understand a "women's crop": Gender+ and groundnut in Africa*

Organizer: Jessica Marter-Kenyon, University of Georgia

Tue 5.4 *New Areas and Measures for the Study of Women's Empowerment: Group-based collective agency, time-use agency, and sexual harassment*

Organizer: Jessica Heckert, International Food Policy Research Institute

Wednesday 13 October 2021

Timeslot 1 9.30-11.00

Wed 1.1 *Gender and Climate Resilience*

Lora Forsythe and Valerie Nelson, Natural Resources Institute, University of Greenwich

A review of tools and methods for addressing gender in Climate Smart and Resilient Agriculture

Nitya Chanana & Stephanie Ma, CGIAR Research Program on Climate Change, Agriculture and Food Security (CCAFS)/ Columbia University

Gender and Climate Resilient Agriculture- A scoping review

Margaret Alston, Monash University and Newcastle University

Transformative Resilience in the context of Climate Change

Jane Mbolle Chah, University of Nigeria Nsukka, Nigeria

A systematic review of gender perspectives in vulnerability to climate change impacts on agriculture and food security in Nigeria

Wed 1.2 *Systemic Analysis of Value Chains and Implications for Intervention*

Rahma Adam, WorldFish

A gendered aquaculture value chain analysis in northwestern Bangladesh

Mukani Moyo, Nozomi Kawarazuka, Srinivasulu Rajendran, International Potato Center

Gender and informal markets: disseminating nutrition-rich sweetpotato bread to low-income populations

Anusha De, LICOS – Centre for Institutions and Economic Performance, KU Leuven

Gendered perceptions in Maize supply chains: evidence from Uganda

* Devis Fabian Mwakanyamale, International Institute of Tropical Agriculture (IITA)

Barriers and opportunities to women's participation in the commercialized cassava seed system in Tanzania

Wed 1.3 *Recognition and Visibility: Exposing gender in farming 2.0*

Janna Luisa Pieper, Georg-August-University Göttingen

Start-up women farmers in Germany: An organic avant-garde challenging gender stereotypes?

Steven Michael Cole, International Institute of Tropical Agriculture

Who does what and why? Intra-household roles and explanatory models for sourcing soybean seed from the formal sector in Malawi

Tanya Watson, National University of Ireland, Galway

Property ownership and gender equality in Ireland

* Annelie Gütte, Leibniz-Centre for Agricultural Landscape Research (ZALF), e.V.,

Constructing or empowering the female coffee farmer? How gender research in agriculture talks of gender issues in coffee cultivation

* Shiferaw Feleke, International Institute of Tropical Agriculture,

Understanding the factors and structure of gender inequality in crop productivity: The case of cassava in Tanzania

Wed 1.4 *Gender Issues in Nutrition and Food*

Mireille Totobesola, FAO

Advancing gender equality and empowerment of women in food systems

Ravula Padmaja and Sudha Narayanan, ICRISAT and IFPRI

Understanding the dynamics of women empowerment and nutritional empowerment of rural women and their families in Maharashtra, India

Ifeoma Quinette Anugwa, University of Nigeria Nsukka, Nigeria

Gender dimensions in perceived vulnerability to the effects of climate change on household food security among farming households in Southeast Nigeria

* Mousumi Das, National Council of Applied Economic Research (NCAER), New Delhi International Food Policy Research Institute (IFPRI), Washington DC

* = Poster pitch

Do land size, crop, and home garden diversity improve female children's nutritional status? Pilot evidence from a village of West Bengal

* Gianna Bonis-Profumo, Research Institute for the Environment and Livelihoods (RIEL), Charles Darwin University

Gender relations on livestock production and animal-source food acquisition and consumption among smallholders in rural Timor-Leste: A mixed-methods exploration

Timeslot 2: 11.30-13.00

Wed 2.1 *The Challenges of Interdisciplinary Projects*

With contributions from:

Padmaja Ravula and Deepa Joshi, ICRISAT and IWMI

Finding our way into the blackbox : unpacking systemic gender inequality across institutional landscapes

Arunima Hakhu, CGIAR Research Program on Water, Land and Ecosystems

When bio-physical and feminist researchers come together: critiquing claims of the "wise use" of wetlands

Sarah Lawless, ARC Centre of Excellence for Coral Reef Studies, James Cook University/ WorldFish

Diluting gender equality: the case of small-scale fisheries

Wed 2.2 *Gender Dynamics in Value Chains beyond Production Node and Single Commodity Analysis*

Organizer: Rhiannon Pyburn, CGIAR Research Program on Policies, Institutions and Markets (PIM) and KIT Royal Tropical Institute

Wed 2.3 *Women Shellfishers and Food Security in West Africa*

Organizer: Karen Kent, University of Rhode Island

Wed 2.4 *Recent Findings on Gender and Nutrition in Argentina*

Organizer: Daniel Maceira, Center for the Study of State and Society (CEDES)

Timeslot 3: 14.00-15.30

Plenary tbc

Timeslot 4: 16.00-17.30

Wed 4.1 *Mainstreaming Gender into AR4D: Critically reviewing and taking it to the next level*

Organizers:

Katie Tavenner / Stephanie Leder, Independent / Swedish University of Agricultural Sciences

Feminist critiques of Agri4Dev: Applications, insights and best practices

Els Lecoutere, CGIAR GENDER Platform,

Mainstreaming gender in AR4D: Taking it to the next level

With panel contributions from:

Katrina Kosec, International Food Policy Research Institute

Bringing power to the people or the well-connected? Evidence from Ethiopia on the gendered effects of decentralizing service delivery

Ina Girard, International Potato Center

Equitable and inclusive approaches to establishing a potato producers' network in Georgia

Fanny Howland, Alliance Bioversity CIAT

Barriers and solutions to gender integration in agriculture, climate change, food security, and nutrition policies: Guatemalan and Honduran perspectives

Charlotte Maybom, University of Copenhagen

Gendered perspectives on transnational interventions: The Participatory Rangeland Management project in pastoralist Kenya

* = Poster pitch

Wed 4.2 *The Project-Level Women's Empowerment in Agriculture Index (pro-WEAI): Discussing the use and the results in South Asian and African contexts*

Organizers: Agnes Quisumbing, IFPRI, and Brooke Krause, The College of Wooster

Wed 4.3 *Rural Women Entrepreneurs: New Frameworks to Support their Efforts*

Organizer: Casandra Bryant, University of Guelph

A gendered critique of rural entrepreneurship: A transformative approach

With contributions from:

Charlene Lambert, Women Entrepreneurship Platform

To what extent can women farmers and rural women entrepreneurs contribute to the success of the European Green Deal?

Sally Shortall, University of Newcastle, UK

Women and sustainable countryside

Wed. 4.4 *Indigenous, Local And Traditional Knowledge*

María de Jesús Ordóñez Díaz, Centro Regional de Investigaciones Multidisciplinarias UNAM

Family gardens, recovery of traditional diets and empowerment of women

With contribution from:

Anuschka Van 't Hooft, Autonomous University of San Luis Potosí

From farm to fork: the role of women and men in Indigenous communities of the Huasteca Potosina in Mexico

Timeslot 5: 18.30-20.00

Wed. 5.1 *Transforming Food Systems through Critical Feminist Research*

Lora Forsythe, Natural Resources Institute, University of Greenwich and Petra Abdulsalam-Saghir - Federal University of Agriculture, Abeokuta (FUNAAB) Nigeria

The role of social movements in addressing gender-based violence in food markets in southern Nigeria

Gwen Varley, Natural Resources Institute, University of Greenwich

How insights from the reproductive justice movement challenge instrumentalism and reveal connections between women's empowerment and children's nutrition in Busoga, Uganda

Arlette Saint-Ville, June Po, Amilcar Sanatan, The University of the West Indies, Trinidad and Tobago

Daughters within Rastafari movement: critical lessons on bridging social movements and feminist influences in food sovereignty

Fiorella Picchioni, Natural Resources Institute, University of Greenwich

Contested development tool and rural transformation: a social reproduction critique on financialised services in agriculture.

Wed 5.2 *Climate Change, Gender and Agriculture: Implications for Policy*

Organizer: Elizabeth Bryan, IFPRI

With contribution from:

Sophia Huyer, CGIAR Research Program on Climate Change, Agriculture and Food Security (CCAFS) International Livestock Research Institute (ILRI),

Expanding opportunities: scaling gender- and socially-inclusive Climate-resilient Agriculture

Wed 5.3 *Book-based session: Gender, Food, and COVID-19: Stories of Harm and Hope*

Organizer: Paige Castellanos, The Pennsylvania State University

Wed 5.4 *Using a Livestock Vaccine Value Chain Framework to identify Pathways to transform outcomes for Women Livestock Owners*

Organizer: Nargiza Ludgate, University of Florida

Thursday 14 October 2021

Timeslot 1 9.30-11.00

Thurs 1.1 *Gender Norms and Normative Change*

Anouk Ride, WorldFish

Balancing the canoe - community based resource management and gender in Pacific coastal fisheries

Kipo Jimah, International Institute of Tropical Agriculture (IITA)

"The woman has no right to sell a livestock": The role of gender norms in Northern Ghana's small ruminant value chains and implications for transformative interventions

Dipika Das, University of Southern Queensland

Influence of the gender and local norms on the smallholder women farmers farm bargaining in the Eastern Gangetic Plain region

* Els Lecoutere and Lan Chu, University of Antwerp

Empowering women in their households: A mixed methods analysis of a field experiment in rural Tanzania

* S. M. Faridul Haque, WorldFish

Gender dynamics: Barriers, opportunities and risks in aquaculture and agriculture sector in northwest Bangladesh

Thurs 1.2 *COVID-19 Experiences of Women Fish Processors and Traders in Africa: Insights from transdisciplinary research*

Organizer: Cynthia McDougall, WorldFish

Thurs 1.3 *Food Culture and Policy Environments*

Rohini Mohan, CGIAR Evidence Module, International Rice Research Institute

Ways forward for gender in agriculture research: Key take-aways from Evidence Gap Map

Soumya Gupta, Tata- Cornell Institute for Agriculture and Nutrition, Cornell University

Structural transformation and Intrahousehold food allocation: evidence from India

Almamy Sylla and Jummai Yila, ICRISAT-WCA

Pattern or effect of gender roles in in agri-food systems in Mali

Vivian Valencia, Wageningen University and Research

Public policies for agricultural diversification: Implications for gender equity

* Farhana Hussain Ibrahim, International Potato Center (CIP)

A nutrition-sensitive agriculture intervention in Bangladesh: What were the most significant changes for women and men?

Thurs 1.4 *Agricultural Modernization and Gender Relations*

Organizer: Janneke Pieters, Wageningen University

Timeslot 2: 11.30-13.00

Thurs 2.1 *Moving beyond Binary Thinking: Reconceptualizing gender in agriculture and food systems*

Janwillem Liebrand, Utrecht University

Expert women in development: tracing technology, masculinity and race in international collaboration in Nepal

Marie-Charlotte Buisson, IWMI-CGIAR

Women's empowerment and the will to change

Sophie von Redecker, Kassel University

Queer and agriculture or queer agriculture

Valentina Peveri, The American University of Rome (AUR)

Multispecies perspectives for cultivating diversity and equality: reflections on 'species inclusivity' in gender research in agriculture

* = Poster pitch

Thurs 2.2 *Intergenerational Relations and Family-based Securities*

Nozomi Kawarazuka, International Potato Center

Agriculture in intergenerational relations: Ethnic Thai youth in northern Vietnam

Isabel Lambrecht, International Food Policy Research Institute

Gender and youth in Myanmar agriculture: some facts

Laudemira Silva Rabelo, Research Institute in Meteorology and Water Resources (FUNCEME)

The invisibility of young people in family farming: A gender perspective in the semi-arid region of Ceará, Brazil

* Patti Petesch, Wageningen University

Not raised 'to make big decisions': Young people's agency and livelihoods in rural Pakistan

* Francois Iradukunda, Alliance of Bioversity International and CIAT, and University of Antwerp, Institute of Development Policy

Men's rural-to-urban migration in Burundi, and how it affects their wives' voice and agency in farming and their banana plantations

* Limbikani Kadzamira, Youth Enterprise Services (YES)

Engendering youth employment services in Malawi

Thurs 2.3 *Adoption and Impacts of Technologies / Innovations*

Chiara Perelli, Tuscia University - Department of Economy, Engineering, Society and Business,

Gender equality and sustainable development: How women's contribution to farm management systems influence the adoption of Climate-Smart Agriculture approach

Sarah Mayanja, International Potato Center (CIP)

Gender-responsive communication tools and approaches for scaling the Triple S Technology in Ethiopia and Ghana

Joan Kimaiyo, ICRAF

Gender analysis of fodder adoption: Empirical evidence from smallholder farmers in Eastern Uganda

* Irina Andrianina Tefy, AfricaRice, and Gaudiose Mujawamariya

A gendered assessment of production and technical efficiency for rice in Vakinankaratra region-Madagascar

Thurs 2.4 *Poster session*

11.30-12.00 *Irrigation and Women's Empowerment*

* Janwillem Liebrand, Utrecht University (and Beekman, Resilience BV)

Landing a better deal? Women negotiating access to land and water for farming in a Dutch-supported gender-inclusive water-productivity project in Mozambique

* Elizabeth Bryan, IFPRI

Small-scale irrigation and women's empowerment: Lessons from Northern Ghana

* Mary Okumu, University of Kwa Zulu Natal

The role of women in irrigation: A Case Study of Ahero Irrigation Scheme in Kenya

* Natalia Reyes, IHE Delft

Female farmers and Magüevas: central links in Maputo's urban food systems

12.00-12.30 *Prospects and Lessons from Gender Mainstreaming*

* Manohara Khadka, International Water Management Institute,

Gender and socially inclusive WASH under Federalism in Nepal: Transformative approaches and pathways for moving beyond 'engineering fixes'

* Geetanjali Gill, University of the Fraser Valley (BC, CAN), and Canadian Foodgrains Bank (MB, CAN),

Applying a Gender+ Lens to the Foodgrains Bank's 'Scaling-Up Conservation Agriculture in East Africa' (SUCA) Program

* Farhan Majid, IMPAQ International,

Graduating to Resilience Program and women's empowerment: Evidence from Uganda

* Sugandha Munshi, IRRI,

Convergence :Key for gender inclusion

12.30-13.00 Women's Empowerment: Correlations and Measurement Using The Pro-WEAI

- * Kalyani Raghunathan, International Food Policy Research Institute
Women's empowerment and gender equality in agricultural value chains: Evidence from four countries in Asia and Africa
- * Lukas Welk, International Food Policy Research Institute / University of Hohenheim
The gendered yield gap and women's empowerment: Evidence from smallholder farmers in Uganda's central region
- * Katrina Kosec, International Food Policy Research Institute
Relative poverty and women's empowerment narratives: an experimental study of gender attitudes in Nepal
- * Simone Faas, International Food Policy Research Institute, Washington, D.C.
Using the pro-WEAI for market Inclusion (pro-WEAI+MI) to assess the empowerment of participants in the Agricultural Technical Vocational Education and Training (ATVET) for women program in Benin.
- * Isabel Lambrecht, International Food Policy Research Institute
Project-level Women's Empowerment in Agriculture: results from cognitive testing in Myanmar

Timeslot 3: 14.00-15.30

Plenary tbc

Timeslot 4: 16.00-17.30

Thurs. 4.1 **Gender Transformative Approaches: Methods and findings**

Cynthia McDougall, GTA Working Group of the CGIAR GENDER Platform, WorldFish

Gender transformative approaches for food systems transformation: new methodological insights

Caitlin Shannon, CARE USA

Can gender-transformative approaches in agriculture be a WIN-WIN for food security, income and gender equality?

With panel contributions from:

Isabelle Droy, Les Afriques dans le Monde (LAM, UMR CNRS 5115), Bordeaux, France

Development projects as arenas for gender transformative action: The participatory-action-research project ARPEGE in Madagascar

Shruti Sharma, University of Georgia

Training and shifting gender norms: Evidence from a training intervention in rural Nepal

Dr. Kathleen Colverson, University of Florida

Engaging men in supporting maternal and child consumption of milk and other animal source foods in Rwanda

Emily Hillenbrand, Cornell University and Soils Food and Healthy Communities (SFHC)

Baseline findings from a participatory action research in Malawi

Thurs. 4.2 **Reconceptualizing the Feminization of Agriculture**

Organizer: Cheryl Doss, University of Oxford

Thurs. 4.3 **Gender Relations and Biodiversity Management**

Diana Lope-Alzina, Wageningen University Research / Platform for Agrobiodiversity Research

The social relations of Yucatec-Maya homegardens

Rashida Chantima Ziblila, German Institute for Tropical and Subtropical Agriculture, DITSL, Shea Network Ghana, University of Kassel Germany

Rural women's income diversification through underutilized species: Processing and marketing of the African locust bean in northern Ghana

Gisella S. Cruz-Garcia, Oxfam Novib

A gender lens to the role of local food plants as rural safety net during the food scarcity season in Africa, Asia and Latin America

* Silvia Sarapura-Escobar, University of Guelph

Land use planning to secure food in the Andean Region of Peru, the case of Andean Women

* = Poster pitch

Thurs. 4.4 *Financial Inclusion and Control over Income*

Nicole Lefore, Texas A & M University

Innovating asset finance inclusion: A gender-sensitive credit assessment in irrigated agricultural value chains

Berber Kramer, IFPRI

Lending her name, but not having a say? Gender norms and credit for agriculture in Odisha

Grace Nanyonjo, National Agricultural Research Organization

Bean Seed Credit Model: A double edged sword for maximizing benefits for women.

* Vedavati Patwardhan, Daniel J. Evans School of Public Policy & Governance, University of Washington

Weather shocks, household income, and women's decision-making: Evidence from Malawi

Timeslot 5: 18.30-20.00

Thurs 5.1 *Local Normative Climate to understand Change and Variations in Gender Norms*

Organizer: Patti Petesch, Wageningen University

What is a local normative climate? Different approaches to operationalizing the concept

* Anne Rietveld, The Alliance of Bioversity International and CIAT

GENNOVATE 2.0: Reimagining research for gender-transformative change in agri-food systems

Thurs 5.2 *Bringing Gender Issues into Agricultural Technology Design: Shaping breeding investments*

Organizer: Vivian Polar, RTB-CIP

With contributions from:

Hale Ann Tufan, Cornell University

Beyond "women's traits": Analyzing gender and social differences for inclusive crop varietal design

Sarah Mayanja, International Potato Center

Prioritising quality traits for gender-responsive breeding for boiled potato in Uganda

Ida Arff Tarjem, Vivian Polar, Catherine Ragasa, Norwegian University of Life Sciences, International Potato Center, International Food Policy Research Institute

Tools and methods at the interface of gender and agricultural technology design and evaluation

Thurs 5.3 *Feminist agroecology and seed security: Methodological innovations*

Organizer: Beatriz Oliver, SeedChange

Thurs 5.4 *Diverse Perspectives on Gender, Well-Being and Institutions in Agriculture and Food Systems*

Lone Badstue, independent scholar

Continuity and change: Performing gender in rural Tanzania

Farhan Majid, IMPAQ International

Do "Beef Bans" Affect Women's Health?

Madu Galappaththi, University of Waterloo, Canada

Linking social well-being and intersectionality to understand gender relations in dried fish value chains

Hagar El Didi, International Food Policy Research Institute (IFPRI)

Gender in institutions and governance: A review of tools

* Louise Erskine, Cornell University

Human Capital, Social Capital: True Cost Accounting and an Intersectional Sustainability Index

Friday 15 October 2021

Timeslot 1 9.30-11.00

Fri 1.1 *Securing Livelihoods*

Dagmar Wicklow, University of Kassel

The socio-economic participation of spouses in family farming

Malvika Chaudhary and Mariam A.T.J. Kadzamira, CABI

The catalytic role of plant clinics in livelihood improvement of women engaged in local biocontrol agent production enterprises in India

Deborah Olamide Olaosebikan, Steven Michael Cole and Bela Teeken, International Institute of Tropical Agriculture

The growing importance of cassava cultivation and processing to livelihood security in Nigeria: A life history analysis

Jacqueline Lau, WorldFish, ARC Centre of Excellence in Coral Reef Studies, James Cook University, CARE

Advancing gender equality in coral reef socio-ecological systems

Fri 1.2 *What will it take to Transform Power Relations in Urban and Peri-Urban Food Systems?*

Organizer: Arunima Hakhu, CGIAR Research Program on Water, Land and Ecosystems

Fri 1.3 *Gender-Intentional Breeding Approaches*

Eva Salve Tino Bacud, Universitat Bonn

Understanding farmers' trait preferences with an intersectional lens: Evidence in Bangladesh and India

Jummai O. Yila and Almamy Sylla, ICRISAT

Varietal choice and trait preferences of sorghum and pearl millet value chain actors in Mali: A case for gender-responsive and demand-driven breeding decision-making

Jill E Cairns, International Maize and Wheat Improvement Centre

Revisiting strategies to incorporate gender intentionality into maize breeding in southern Africa

* Rachel Voss, CIMMYT

Can gender-intentional maize breeding close the gender gap in improved seed adoption?

Timeslot 2: 11.30-13.00

Fri 2.1 *Audio-visuals and Media as Transdisciplinary Method in Research and Reaching Out*

Nozomi Kawarazuka, International Potato Center

Participatory video without assistance of professionals: a powerful tool for engaging with the marginalized

Dinanda Luttikhedde, Peergroup / Rijksuniversiteit Groningen

Let art lead your way!

Annejet Brandsma, independent filmmaker/photographer

Documentary 'Women of the Land'

Eza Doortmont, University of Manchester

Payiba Salma | Women's Gold

Fri 2.2 *Building Climate Resilience of the Most Marginalized through Feminist Transdisciplinary Approaches*

Organizer: Upandha Udalagama, International Water Management Institute

Fri 2.3 *Holistic Approaches to Rural Women's Economic Empowerment*

Organizer: Catherine McCarron, UN World Food Programme

Fri 2.4 *COVID-19 Pandemic: Lessons for gender-responsive agricultural sector analysis and policy measures to optimize resilience and recovery*

Linda Etale, International Rice Research Institute

Shifting Thinking: Toward gender-responsive agricultural sector policy measures for recovery and resilience during and after pandemics

With contributions from:

Paper from session Lilian Nkengla-Asi, Oxfam America

Gendered COVID-19 impacts and gender-responsive policies within Food and Agricultural Systems

* Els Lecoutere, CGIAR Gender Platform

Changes in women's empowerment in the household, women's diet diversity, and their relationship against the background of COVID-19 in Southern Bangladesh

Timeslot 3: 14.00-15.30

Closing Plenary tbc
