**FAST TRACK TO CLINICAL INNOVATION:  
THE ESSENTIALS**

## Maaïke de Vries

### e/MTIC Conference 2022 moderator

The common thread in the career of Dr Maaïke de Vries is creating clarity in complexity and contributing to development and growth. She thinks analytically and strategically and is sensitive to people, processes, undercurrents and political-administrative relationships. In addition to broad general knowledge, she has specific expertise in the field of healthcare system and funding, lifestyle medicine, innovation and digitization/eHealth. In addition to her work for Springh, Maaïke

de Vries is a professional 'new style' supervisor in healthcare. She is a member of the Supervisory Board of GGZ Rivierduinen, chair of the Supervisory Board of the Institute for Positive Health and chair of the Agriculture and Care Federation.
