

Wilco Peul

Wilco Peul is professor at the Leiden University since 2008 and chairs University Neurosurgical Center Holland, a cooperation of 3 departments in LUMC, HMC and HAGA, in Leiden and The Hague. Besides his particular interest in reconstructive Spine Surgery and NeuroTraumatology, he is a certified PhD (cum laude) Epidemiologist.

He is senior member of the EANS NeuroTraumatology Committee and served for 8 years for the Spine Committee responsible for the European training in cooperation with Eurospine until 2017.

The past 6 years international teaching activities have been performed within the WFNS Trauma Committee as well as the WFNS Spine committee have been performed.

Currently he is president of the UEMS Neurosurgery section (EU, Bruxelles) on behalf of EANS. Since 2020 Wilco is Board member of ZonMW (The Netherlands Organisation for Health Research and Development) and since summer of 2021 the neurosurgical Editor-in-Chief of our new EANS-Eurospine journal "Brain & Spine".
